

INFORMATION SESSION

NDIS QUALITY & SAFEGUARDS COMMISSION

TUESDAY 22ND OCTOBER 2019

**Presenter – Sonja Pase, State Director – Victoria
NDIS Quality & Safeguards Commission**

AFSA have arranged this information session for parents, carers and family members of individuals with autism who are NDIS participants. We feel it is important for us to learn as much as we can about the new policies and procedures that have been designed to ensure quality services and the safety of our loved ones.

During the session you will learn about

- the Commission's role and how it came to be established, with a particular focus on the complaint process,
- the Commission's process of managing reportable incidents and the obligations of service providers,
- the Code of Conduct for workers and registration process for service providers, and
- Behaviour Support Plans and restrictive practices.

There will be the opportunity to ask questions, and plenty of time to speak with other families and share experiences over morning tea.
